

Inputs

Soil, water, animal feed, agro-chemicals, antibiotics, hormones, pesticides, herbicides, energy

Farm

Outputs

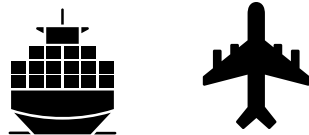

Soil loss, polluted runoff, greenhouse gases, wastewater, organic wastes, habitat loss

Fuels, oils

Transportation

Greenhouse gases, air emissions

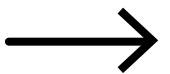

Water, energy, cleaning chemicals, preservatives, additives, refrigerants, paper/cardboard, plastics, glass, metal

Processing & Packaging

Waste water, food residues, solid and food waste, greenhouse gases, air emissions

Fuels, oils

Transportation

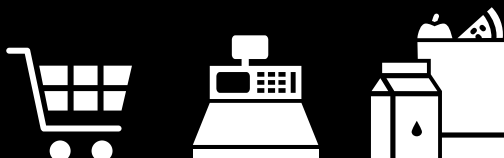

Greenhouse gases, air emissions

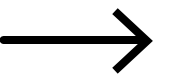

Energy, refrigerants, packaging

Retail & Distribution

Greenhouse gases, air emissions, solid and food waste

Fuels, oils

Transportation

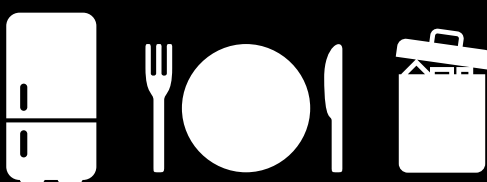

Greenhouse gases, air emissions

Water, refrigerants, energy, packaging

Consumption

Waste water, greenhouse gases, air emissions, solid and food waste
